Injection Hours:

Monday..... 9:00-12:00 & 1:30-6:00
Tuesday..... 9:00-12:00 & 1:30-6:00
Wednesday..... 9:00-12:00 & 1:30-7:00
Thursday..... 9:00-12:00 & 1:30-4:30
Friday..... Closed

Hours are subject to change

Patients must wait 30 minutes in our office after receiving their allergy injection(s) in order to comply with guidelines for patient safety.

After Hour Calls:

For a life-threatening medical emergency: call 911 immediately.

For urgent matters, please call 586-604-8360. The on-call physician will return your call. The on-call physician will not authorize routine refills, provide pain medication, or give test results, as they do not have access to your medical file.

For non-emergent matters, such as appointments, prescription refills and samples, the office is equipped with voicemail. Voicemail messages will be returned by a member of our staff within two business days.

Medication samples are becoming harder to obtain. We will try to assist you with coupons and/or websites for programs, which may be helpful.
